

Henry Mein Going For Gold

Project at: Epperstone Manor Main Street Epperstone

In recognition for quality of work that has been accredited as achieving; **Gold standard**

We are delighted to announce that our work has been **recognised by Newark & Sherwood District Council** building control for the local building excellence awards.

This is the first year of the award and it ties into the regional building excellence awards run by Local Authority Building Control (LABC) East Midlands by **recognising high quality design** and construction work constructed within the Newark & Sherwood District Council and Gedling Borough Council areas.

The awards recognise builders and **designers who achieve high standards of construction**, workmanship, site safety, compliance and supply of information and customer feedback and such is the calibre of the nominated projects that they represent less than 10% of all completed work since January 2008.
